REMARKS ON PENAL CLAUSES  
OF  
*THE ONTARIO MEDICAL ACT.*

---

The following observations are intended for the guidance of the members of the College of Physicians and Surgeons of Ontario, in carrying into effect the penal clauses of the Ontario Medical Act. All communications with the Registrar of the Council will of course be considered strictly confidential.

It will be convenient to consider separately, those clauses of the Act which provide that the Council may order the erasure from the Register, of the name of any registered practitioner, and those which impose a penalty of fine or imprisonment in respect of any offence.

ERASURE FROM REGISTER.

The following remarks do not apply to erasure by the Registrar for non-payment of fees, (in which case the practitioner will be reinstated on payment of arrears), but only to erasure by direction of the Council, in which case the name erased can only be restored under the provisions of Section 33.

The procedure for enforcing this penalty is provided by sections 34, 35, 36, 37.

The Council must before exercising the power of erasing the names of any person from the register, ascertain the facts of the case by a committee, and if the charge is made against any Registered Practitioner, that he has been convicted of any felony or misdemeanor the Council *must* direct such enquiry upon the application of any four registered practitioners. The name of any Registered Practitioner may be erased by the Council.

## FIRSTLY.

If he has been guilty of any felony or misdemeanor. (Sec. 33.)

In this case the Registrar should be furnished with the Christian name and surname of the party, the offence for which he was convicted, the place and assize at which he was tried, together with his last known address.

## SECONDLY.

If he has been guilty of any infamous or disgraceful conduct in a professional respect. (Sec. 33.)

In this case full particulars of the matters complained of together with a full statement of the evidence by which the charge is to be established, should be communicated to the Registrar.

In case any member becomes aware that any person who has been convicted of felony or misdemeanor, or has been guilty of any infamous or disgraceful conduct in a professional respect, intends to apply for registration, he should communicate to the Registrar the facts above mentioned in order that they may be kept on record in case of any such application.

## THIRDLY.

If he has procured or caused to be procured his registration under the Act, by any false or fraudulent representations. (Sec. 48.)

In order that any person may be entitled to be registered under the Act, he must be qualified within the provisions of sections 23, 24 and 25, and Schedule B therein referred to, and the Rules, Orders and Regulations of the Council passed under the authority of the Act.

In laying a charge under section 48 of procuring registration by false or fraudulent representations or declarations the facts upon which such charge is based, and the evidence by which it is to be established should be fully communicated to the Registrar.

The false or fraudulent representation must be such, that unless the same were true, the person applying would not be entitled to be registered under the sections and regulations above referred to.

Proof of the alteration, falsification, or forgery of a certificate or other document entitling the person to registration would be sufficient proof of a charge made under this section.

Any material alteration of a certificate amounts to forgery thereof.

"A Material Alteration" is of the date, name of the person or other fact which would involve the validity of the instrument for the purposes for which it is produced.

#### FINE OR IMPRISONMENT.

In order to enforce the clauses of the Act which impose a penalty of fine or imprisonment it is necessary to lay an information before some Magistrate.

By section 51, every Justice of the Peace has jurisdiction to dispose of every offence under the Act.

Every Justice of the Peace will furnish the necessary form of information with blank spaces for the names, places and dates and description of the offence charged, which should be set forth in the very words of the section under which the charge is laid.

The information having been sworn by the party laying the charge, the Magistrate will issue his summons, and if the party does not appear, or in the first instance if he thinks fit, he may issue a warrant for the arrest of the party and upon the return of the summons or upon the arrest, the case will be proceeded with in the ordinary way.

It must be remembered that by Section 59, every prosecution must be commenced within one year from the date of the alleged offence.

When the conviction is obtained it is important to see that the formal conviction is in the very words of the section in question, and that the penalty imposed is strictly within the prescribed limits. It is most important that no penalty should be imposed except what is strictly within the terms of the Act, as any variance in this respect would only result in the complete failure of the prosecution, as *e.g.*, while under section 55 the Justice may award payment of costs in addition to the penalty, and in default of payment may commit the offender to jail for any term not ex-

ceeding one month, yet he must not include in the costs, the costs of commitment and conveying to jail, and if he does so the conviction is void and may be quashed on appeal.

#### SECTION 48, SUB-SECTION 2.

We have already seen that the name of any person may be erased from the Register who has procured or caused to be procured his registration by any false or fraudulent representations, and by this sub-section a penalty is provided not only for the wilful commission of this offence, but also for the wilful attempt to commit it, and a further penalty of from \$20 to \$50 is imposed upon every person aiding and assisting him therein.

The sworn statement required in order to obtain a conviction does not differ from that required to procure the erasure of the name of the offender from the register, and in case the charge is for an attempt to commit an offence, all that would be necessary would be to prove an application to the Registrar for Registration, and the making to him of such false statements, either verbally or by the production of documents containing them.

#### SECTION 49.

In order to prove an offence under this section it is not necessary to produce any proof that the person charged was not registered at the time that the alleged offence was committed, for by Sec. 57 the burden of proof as to Registration is upon the person so charged.

The offence under this section consists in practicing, professing to practice, or advertising to give advice in, Medicine, Surgery, or Midwifery, provided always that any such act is done for "hire, gain, or hope of reward."

The person laying the charge must be prepared with evidence to prove against the person charged—

1. That he has attended persons and has treated them or prescribed for illness or has done some act which amounts to the practice of Medicine, Surgery, Midwifery, or—

2. That he has professed to practice or has advertised to give advice in Medicine, Surgery or Midwifery by holding himself out to the public or to individuals as a Physician or Surgeon. This may be proved by persons aware of the fact to whom he has stated his willingness to act in such capacity or who have seen any advertisement, sign or notice either in a newspaper or publicly exposed about his premises, and in case an advertisement in a newspaper or by the distribution of cards is relied upon such advertisement should always be produced and identified.

The offence may sometimes be proved by a druggist who has prepared prescriptions, but in all cases the best evidence is that of the patient, where the charge is the actual practice of medicine.

If sufficient evidence is given to cover one or both of the points above referred to, the proof of the charge will be completed by proving that what was done was for "hire, gain or hope of reward." Upon this point proof should be offered that he has taken fees or has been paid for medicine, services rendered, or that he has stipulated for payment or made some bargain for remuneration either in cash or otherwise.

#### SECTIONS 50 AND 51.

Section 50 deals with the offence of falsely pretending to be a Physician and the assumption of any title, addition or description to which the person charged is not legally entitled. Section 51 imposes a heavier penalty for the use of a title implying, or calculated to lead people to infer that he is registered or that he is a physician or surgeon recognized by law. Proof should be given of the use of any such title in the same way as above mentioned for professing or advertising to give advice.

# Registrar's Report

1907

---

The Ontario Medical Register contains the names of all the Members of the College of Physicians and Surgeons of Ontario, who alone are entitled to practice their profession in Ontario.

It also contains the "ONTARIO MEDICAL ACT," and Alphabetical List of all Members of the College to date, the Boundaries of the Seventeen Territorial Divisions, and Remarks of the Penal Clauses of the Ontario Medical Act, etc., for the guidance of the Members of the College.

In the last edition of the Medical Register published in 1903, there were 3401 Members on the Register. In the present Register there are 3807 Members showing an increase of 406. We have used every effort to make the new Register as perfect as possible, but as there are changes in residence continually occurring it is almost impossible to make it absolutely correct, and I would ask as a special favor that any Member changing his place of residence, or having any additional qualifications that he would like added, to notify me so that corrections could be made before the next issue of the Register.

JOHN L. BRAY, *Registrar*,

College of Physicians and Surgeons of Ontario.

REGISTRY OFFICE,  
College of Phys. and Surgeons Ont.  
Toronto, 31 Dec., 1907.
